Let me offer my sincere thanks to your group. Everyone really enjoyed themselves. You guys really get into it and the passion you have for music certainly shone through. We all had a great time, enjoyed the entertainment and had a wonderful evening of fun. Please pass along our thanks to everybody in the band.

All the best,

Dennis Skulsky

My name is Gary Corcoran and I am the Director of Sales and Marketing for Smurfit-MBI, a Multi- Billion dollar Company in the North American packaging industry. I thought I was taking a bit of a risk when I decided to bring the band up for our three day sales meeting in Blue Mountain. It turned out to be the highlight of the meetings. We have a sales force of 125 ranging from 23 to 60 and everyone loved it. It was our first National Meeting and the band was instrumental in uniting the group from across the country and Western New York. They played a variety of music to keep the audience on their feet. They were professional in every aspect of our dealings. They played two nights and they really brought the room to life and made this meeting "Like no other" which was our theme.

Having the band was a key team building exercise and was cost favorable to having a guest speaker or two that nobody pays a whole lot of attention to. The band brought it and were the talk of the meeting. We will definitely have them back, they brought our meeting to life.

When considering a band to host an evening at our location I have to find a group of musicians that will reach an extremely diverse demographic and have the professionalism that I insist upon when representing my room, I have found such a band. These musicians are talented and entertaining providing an evening that is always memorable.

I have hired this band over a dozen times and never have I or any of my clientele been disappointed with any performance.

To whom it may concern;

The Wheat Kings helped us celebrate the 6th anniversary of our pub. Their level of professionalism was apparent from the very start when they delivered the full size, full color posters and quality tickets for the event. When the day of the event was upon us they were punctual and understanding of my needs.

Their sound people showed the same professionalism and cooperation. The music was greatly enjoyed by all, making the event by far the most successful to date being sold out in advance for the first time. They have been asked back and we all look forward to seeing them perform again.

To Whom It May Concern:

Re: The Cat House Dogs

I would like to introduce Todd Sharman, Stephen Ruppert, Mark Higginbottom, Paul Whiteside, and Randy James as the Cat House Dogs and to recommend them for your corporate function. We have had the pleasure to have the Cat House Dogs entertain us and our guests for the past year with nothing but great success.

On a business level the entire band has been easy to work with, which is important in our busy lives. Contact has been easily made, telephone calls have been returned promptly and emails replied to without delay. They have always kept to their contracts and even with very minimal notice have come up to fill shows for us.

As far as performing is concerned the Cat House Dogs have displayed the same professional attitude, ensuring that they arrive early to make setting up easier. Their performances are always well received by the audience. Since all audiences vary the Cat House Dogs recognize this and have the ability to adapt and perform for all that come to see! Although venues vary, from outdoors to indoors, and from large halls to smaller rooms, the music is consistently excellent.

We are very pleased with their professional conduct and quality performances. If you have any questions please let us know. Otherwise.... Sit back and enjoy the music!

Sincerely,

Rick Sirianni
